Please select the key personnel* working on or proposed for the release of this project: *

☐ Technical Lead ☐ Design Lead ☐ Narrative Lead ☐ Audio Lead
☐ Production Lead ☐ Artistic Lead ☐ Marketing Lead

*Please note that these titles are intentionally broad to accommodate a variety of roles. Please choose the one which most closely resembles the role of each key personnel.

Technical leads might include programmers, senior or lead programmers, technical directors, lead developers – any technical roles which guide the implementation of the underlying mechanics and code that runs a game.

Design leads might include designers, lead designers, level and gameplay designers, creative directors – any roles which are primarily concerned with the design of the game and its mechanics, usually as it relates directly to the user.

Narrative leads might include writers, editors, script writers, narrative designers – any roles which are primarily concerned with the creation of the narrative, story, elements of a game where such elements are important.

Production leads might include producers, project managers, lead developers, and others – whoever is ultimately responsible for keeping the project on schedule and helping to plan the overall path through production to release.

Artistic leads might include artists, lead and senior artists, both 3D and 2D artists, creative and art directors, perhaps even UI designers – any roles that are involved in setting the key artistic vision of a game, and possibly executing that vision.

Marketing leads might include marketing and PR people who are close to your team (not simply a company you have hired to give you advice) – any roles which are primarily concerned with the messages that you are sending out about your game to press and audience.

Audio leads might include composers, musicians, technical sound designers, foley artists, and so on that are involved in creating or managing the key audio elements within the game.
